

5GHz 12dBi Omni WiFi Antenna

WDB-5.4G-120

The 5GHz 12dBi Omni WiFi antennas designed with durable UV and chemical resistant polymer and stainless steel for maximum durability in outdoor environments.

Specification

Frequency:	5470 – 5850 Mhz
Nominal Impedance:	50 Ohm
Gain:	12dBi
WSWR:	< 2:1
Horizontal Beamwidth:	360 degree
Vertical Beamwidth:	7 degree
Polarization:	Vertical
Max. Power:	100 W

Mechanical Parameters

Color:	Black
Connector:	SMA/N-type
Dimension (mm):	Φ20 x 560mm
Weight:	500g
Rated Wind Velocity	60 m/s
