

2.4GHz Dual-Polarized Panel Antenna WFB-2.4G-140

The 2.4GHz Dual-Polarized Panel Antenna antennas designed with durable UV and chemical resistant fiberglass for maximum durability in outdoor environments.

Specification

Frequency:	2400 – 2483 Mhz
Nominal Impedance:	50 Ohms
Type:	1/4 Wave
Gain:	14dBi
WSWR:	< 1.5:1
Horizontal Beamwidth:	30 degree
Vertical Beamwidth:	30 degree
Polarization:	Vertical/Horizontal

Mechanical Parameters

Color:	White
Connector:	SMA
Dimension (mm):	216x216x25
