

## Directional WiMax Antenna WMB-2.5G-150

---

This WiMax base station antennas is designed with durable UV and chemical resistant fiberglass and stainless steel for maximum durability in outdoor environments.

It is a high gain, high sensitivity antenna with 30° Horizontal Beamwidth.

### Specification

Frequency:	2500 – 2700
Bandwidth:	2000 MHz
Nominal Impedance:	50 Ohm
Gain:	15dBi
WSWR:	< 1.5:1
Horizontal Beamwidth (3dB):	30 degree
Vertical Beamwidth (3dB):	30degree
Polarization:	Vertical
F/B ratio:	> 28
Max. Power:	50 W
Connector:	N-female
Lighting Protection:	DC Ground

### Mechanical Parameters

Color:	White Gray
Dimension (mm):	180 x 180 x 50 mm
Weight:	1.0Kg
Rated Wind Velocity	60 m/s
